

The Board of Pharmacy has received notice of the following product recall. The Board strongly encourages pharmacies to immediately review their quality assurance and recall policies and procedures to determine if any corrective action is required.

Eugia US LLC (f/k/a AuroMedics Pharma LLC) has initiated a recall to the Retailer level for the product Methocarbamol Injection, USP 1000mg/10mL(100mg/mL) (Single Dose Vial) -10mL Vial, Lot Number: 3MC23011 from the US market due to a product complaint for nature "white particles floating inside of the vial".

Methocarbamol injection, USP, a carbamate derivative of guaifenesin, is a central nervous system (CNS) depressant with sedative and musculoskeletal relaxant properties. It is a sterile, pyrogen-free, clear colorless solution, free from visible particles intended for intramuscular or intravenous administration.
