

The Board of Pharmacy has received notice of the following product recall. The Board strongly encourages pharmacies to immediately review their quality assurance and recall policies and procedures to determine if any corrective action is required.

The purpose of this is to advise you that Avanos Medical, Inc. is recalling certain product codes of nonsterile NEOMED* Pharmacy Syringes Nonsterile (Non ENFit®). Avanos is taking this action because the expiration date of these non-sterile syringes was not printed on the outer shipping label, leading to expired syringes being shipped to customers, and customers having expired syringes in their inventory.

The NEOMED* Pharmacy Syringes Nonsterile (Non ENFit®) are sold as non-sterile, with a specified shelf life of three (3) years. Because they are non-sterile, there are no sterility related risks to patients who have been exposed to the affected syringes. Avanos has conducted shelf- life studies that demonstrate safety of the non-sterile syringes past this 3 year shelf life. However, at the time that these devices were manufactured, the specification defined an expiration date of 3 years. Avanos is conducting this recall out of an abundance of caution, as the NEOMED* Pharmacy Syringes Nonsterile (Non ENFit®) shipped to you are outside of the defined expiry range.

This recall only affects NEOMED* Pharmacy Syringes - Nonsterile (Non ENFit®), which are listed in Table 1 below, and were shipped to customers between August of 2020 through January 2024. Avanos NEOMED* Pharmacy Syringes - Nonsterile (Non ENFit®) are labeled with the expiration date on case packaging, were sold within their shelf life, are not affected by this issue, and are not being recalled. See TABLE 1 below for a list of all affected product codes. See FIGURE 1 and FIGURE 2 below to see example labels of both affected and unaffected products. As the product codes will be the same for affected and unaffected devices, please compare the labels of cases in your inventory with the examples below.

Product Code	Brand name	Product description	Lots
BC-S05EO	NEOMED* Pharmacy Syringes - Nonsterile (Non ENFit®)	0.5mL Oral Syringe Orange NonSterile (500 eaches per case)	ALL
