

The Board of Pharmacy has received notice of the following product recall. The Board strongly encourages pharmacies to immediately review their quality assurance and recall policies and procedures to determine if any corrective action is required.

Please be advised that Breckenridge Pharmaceutical, Inc. (Breckenridge) is now performing a Retail Level Class II recall of Clobzan Tablets CIV 10mg and 20 mg, manufactured by Centaur Pharmaceuticals Private Limited. This retail level recall affects the lots in the table below.

Note: For the same product and lots involved in the a Class III recall was initiated March 2, 2023, the same is now extended to retail level (Class-II) based on FDA Classification.

The product manufacturer informed Breckenridge of a potential product cross-contamination concern with an equipment used to manufacture the lots. Consequently, the lots are being recalled from the market.

Product	Size	NDC number	Affected Lot#	Exp Date
Clobazam Tablets 10mg CIV	100-count	51991-9 00-01	5210085	12/2023
