

The Board of Pharmacy has received notice of the following product recall:

Edge Pharma is recalling Ceftazidime 11.25mg/0.5ml from the following lot:

Lot # 02-2020-04@4 (BUD: 05/18/2020) shipped 02/24/2020 to 03/16/2020

In a review of batch records, it was realized that one of two lots of media used for sterility testing for this lot had reached its expiration date just prior to being used for testing this lot.

The Board of Pharmacy strongly encourages pharmacies to immediately review their quality assurance and recall policies and procedures to determine if any corrective action is required.
