

The Board of Pharmacy has received notice of the following product recall. The Board strongly encourages pharmacies to immediately review their quality assurance and recall policies and procedures to determine if any corrective action is required.

Lupin Pharmaceuticals Inc. is expanding recall of lot **H002205** Expiry **August 2023** of Imipramine Pamoate Capsules, 125mg to **retail** level. Out of an abundance of caution, this product lot is being recalled due to an out of specification result observed in a dissolution test at the 9-month long term stability time point. It is unlikely that this out of specification value would result in any decrease in therapeutic effect.

The recalled lot was distributed between March 31, 2021 and September 2, 2021 to wholesalers, distributors, mail order pharmacies nationwide.

Imipramine Pamoate Capsules, 125 mg are supplied as:

Strength	NDC	Pack	Description
125 mg	68180-316-06	30's	Imipramine Pamoate Capsules, 125 mg are size "1" capsule with brown cap and light yellow body, imprinted with "LU" in black ink on cap and "U03" in black ink on body, containing pale yellow to yellow granular powder.
