

The Board of Pharmacy has received notice of the following product recall. The Board strongly encourages pharmacies to immediately review their quality assurance and recall policies and procedures to determine if any corrective action is required.

Aurobindo is initiating a Recall to the RETAIL LEVEL for specific lots of Glycopyrrolate 1 mg tablets. This recall has been initiated due to out of specification test result exceeding the allowable limits for unknown impurities. Glycopyrrolate is a quaternary ammonium compound that contains the synthetic anticholinergic, glycopyrrolate. This product is for use as adjunctive therapy in the treatment of peptic ulcer.
