Greg Lippe, Public Member, Chair
Lavanza Butler, Licensee Member, Vice Chair
Ryan Brooks, Public Member
Amjad Khan, Public Member
Shirley Kim, Public Member
Maria Serpa, Licensee Member

- a. **Call to Order and Establishment of a Quorum**
- b. **Public Comment for Items Not on the Agenda, Matters for Future Meetings**
Note: The committee may not discuss or take action on any matter raised during this public comment section that is not included on this agenda, except to decide whether to place the matter on the agenda of a future meeting. [Government Code sections 11125, 11125.7(a)]
- c. **Discussion and Consideration of Implementation of Business and Professions Code Section 4113.5 (SB 1442, Statutes 2018) Regarding Pharmacists Assistance and Possible Regulations to Clarify Statutory Language**

Attachment 1

Relevant Law

BPC Section 4113.5 generally provides that a community pharmacy shall not require a pharmacist employee to practice pharmacy under specified conditions unless another employee of the pharmacy, or an employee of the establishment, is made available to assist the pharmacist at all times.

Background

Recently enacted legislation (Senate Bill 1442, Statutes of 2018) added BPC Section 4113.5 and generally cited above.

Since enactment the board has received public comment indicating that pharmacy employers may not be complying with the law as intended. Further, as part of its May 2019 meeting, the board considered a Petition for Rulemaking to Implement Business and Professions Code Section 4113.5, Regarding Pharmacist Assistance. As part of its consideration the board received public comment indicating an appeared lack of consistent application of the statutory provisions and possible violations of the statute. Pursuant to the provisions of the government code, the board elected to take other action it

determined to be warranted by the petition. Specifically, the board referred the development of regulation language to the Legislation and Regulation Committee.

As part of its discussion, the board indicated that regulation may be necessary but determined that policy issues and concerns related to implementation of BPC 4113.5 should be discussed and vetted through the committee. As part of its discussion, members requested that counsel provide assistance in drafting language that may be necessary.

Recent Update

Subsequent to the meeting, the committee chair, board staff, and counsel considered the public comment. Provided in **Attachment 1** is a copy of draft regulation language to help frame the committee's discussion. The proposed language seeks to address some primary areas of the statute that appear to require further clarification via regulation:

1. Definition of "make available to assist"
2. Background requirements for the designated personnel
3. Policies and procedures

d. Discussion and Consideration of Board Sponsored Legislation

Attachment 2

1. AB 690 (Aguiar-Curry) Pharmacies: Relocation: Remote Dispensing Site Pharmacy: Pharmacy Technician: Qualifications
Version: As amended July 1, 2019
Status: Ordered to third reading
Summary: As amended this measure includes the board's provision that would establish the limited exemption to the license transferability requirements for a pharmacy required to locate because of damage caused by a declared disaster. This measure also includes the requirements for a pharmacy technician working in a remote dispensing site pharmacy. This portion of the measure is not board sponsored.
2. AB 973 (Irwin) Pharmacies: Compounding
Version: As amended May 13, 2019
Status: Senate third reading file
Summary: Would require the compounding of drug preparations by a pharmacy to be prepared consistent with the relevant compounding chapters of the United States Pharmacopeia-National Formulary.
3. SB 569 (Stone) Controlled Substances: Prescriptions: Declared Local, State, or Federal Emergency
Version: As amended July 2, 2019
Status: Referred to Assembly Appropriations Committee
Summary: Would authorize a pharmacist, during a declared local, state, or federal emergency to fill a prescription for a controlled substance on a prescription form that does not conform with security prescription form requirements under specified conditions.

4. SB 655 (Roth) Pharmacy

Version: As amended April 11, 2019

Status: Assembly Appropriations Committee Hearing July 10, 2019

Summary: Would update several provisions of pharmacy law including alignment of application and renewal requirements and other technical cleanup provisions relating to the following areas:

- Validity period for pharmacy examination scores
- Pharmacy technician trainee provisions
- Advanced practice pharmacist renewal requirements
- Reverse distributor provisions
- Government-owned facility fees

e. Discussion and Consideration of Legislation Impacting the Practice of Pharmacy, the Board's Jurisdiction or Board Operations

Attachment 3

1. AB 387 (Gabriel) Physician and Surgeons: Prescriptions

Version: As Amended July 2, 2019

Status: Referred to Senate Appropriations Committee

Board Position: Support (prior version)

Summary: As amended creates the Prescription Labeling and Adverse Drug Event Advisory Task Force to study and make recommendations on how to increase medication adherence and decrease adverse drug events.

2. AB 528 (Low) Controlled Substances: CURES Database

Version: As amended July 3, 2019

Status: Senate Rules

Board Position: Support if amended (prior version)

Summary: As amended would require expanding reporting requirements to also include Schedule V drugs and would reduce the reporting period to CURES to within one business day.

3. AB 613 (Low) Controlled Substances: CURES Database

Summary: This bill is a two-year bill and is therefore not included.

4. AB 1076 (Ting) Criminal Records: Automatic Relief

Version: As amended July 11, 2019

Status: Senate Appropriations Committee

Board Position: Oppose Unless Amended

Summary: Would require the DOJ to review summary criminal history information and identify individuals who are eligible for automatic relief by having their arrest and criminal records withheld from disclosure. It would also require the DOJ to provide automatic relief to eligible persons.

Staff Comments: Staff suggests an Oppose Unless Amended position to allow the DOJ to release background information on those individuals seeking licensure if prior conduct is proven.

5. AB 1131 (Gloria) Medi-Cal: Comprehensive Medication Management

Version: As amended June 24, 2019

Status: Senate Appropriations Committee

Board Position: Support (prior version)

Summary: Would establish comprehensive medication management (CMM) are covered by Medi-Cal and would require CMM services to include a care plan that would encompass and identified medication therapy problems. The measure would establish the minimum criteria to receive CMM services and would require the Department of Health Care Services to establish reimbursement rates for pharmacists providing such services.

Staff Comments: This measure appears consistent with the board's vision statement.

6. SB 159 (Wiener) HIV Preexposure and Postexposure Prophylaxis

Version: As amended July 1, 2019

Status: Referred to Senate Appropriations Committee

Board Position: Support (prior version)

Summary: Would authorize a pharmacist to furnish preexposure and postexposure prophylaxis in specified amounts and under specified conditions. Would require the board to promulgate regulations establishing the training program requirements specified in the bill.

7. SB 601 (Morrell) State Agencies: Licenses: Fee Waiver

Version: As amended June 27, 2019

Status: Assembly Appropriations Committee

Board Position: Support (prior version)

Summary: As amended, would require an individual or business that has been displaced or affected by a declared federal emergency or proclaimed state emergency, to submit an application for reduction or waiver of fees required to renew, activate, or replace a license.

8. SB 650 (Rubio) Unused Medications: Cancer Medication Recycling

Version: As amended July 8, 2019

Status: Assembly Appropriations Committee

Board Position: None

Summary: Would require the board to establish a Cancer Medication Advisory Committee to identify the best mechanisms to enable the transfer of unused cancer medications to individuals in need of financial assistance.

Attachment 3 includes a copy of each measure and a bill analysis. They can also be accessed using the following link - - <http://leginfo.legislature.ca.gov>.

Summary of Regulation:

This proposal updates the Self-Assessment form 17M-26 (rev. 10/16) as incorporated by reference in Title 16 CCR section 1784. Additionally, this regulation updates section 1784 with clarifying language as to the completion and certification requirements of the self-assessment form.

Status:

Submitted to DCA for Pre-Notice Review: December 26, 2018

The Board approved self-assessment forms can be found on the Board's website:
https://www.pharmacy.ca.gov/licensees/facility/self_assess.shtml

11. Proposed Regulations to Amend Title 16 CCR Section 1711 Related to Quality Assurance Programs for ADDS, Section 1713 Related to Use of an APDS, and Add Section 1715.1 Related to ADDS Self-Assessment Form 17M-112

Summary of Regulation:

This proposal will require submission of quality assurance records to the board, update the board regulations with respect to the use of an APDS, and identify the specific requirements for the annual completion of the ADDS self-assessment form.

Status:

Submitted to DCA for Pre-Notice Review: April 30, 2019

i. **Discussion and Consideration of Committee’s Strategic Goals**

The board’s current strategic plan goals for the Legislation and Regulation Committee are listed below.

3.1 Educate the board on national pharmacy initiatives impacting consumers and the future of pharmacy (e.g., pharmacists, pharmacy, technicians, distributors, etc.) to strategize the board’s efforts in alignment with where the profession is going to be in 2020.

3.2 Support legislative and regulation proposals from board approval to enactment to effectuate the goals of the board.

Status: This fiscal year the board is sponsoring 4 legislative proposals. Further the board currently has 14 regulation packages in various status of promulgation.

3.3 Advocate for or against legislation that impacts the board’s mandate for consumer protection.

Status: During the legislative year, the board established support positions on 9 measures and oppose positions on 3 measures.

3.4 Establish a systemized, ongoing review process for board regulations to improve and maintain clear and relevant regulations.

Status: Board staff and counsel are working to improve the quality of regulation packages including ensuring regulation language is clear, consistent, and necessary.

The committee’s strategic goals were last reviewed at the October 2018 board meeting. At that time, the board determined to keep the current goals and continue to monitor progress.

j. **Future Committee Meeting Dates**

- November 5, 2019

Attachment 1: Implementation of Business and Professions Code Section
4113.5 (SB 1442, Statutes 2018) Regarding Pharmacists Assistance and Possible
Regulations to Clarify Statutory Language

Proposed new regulation, to read:

Section 1714.3, Community Pharmacy Staffing

This section applies to a community pharmacy that is required to comply with Business and Professions Code section 4113.5.

(a) When a pharmacy is open to the public and a pharmacist is working without another pharmacy employee, the pharmacy must make another person available to assist a pharmacist. The pharmacy must:

- (1) Designate the names of one or more persons who will be available to assist the pharmacist;
- (2) Determine that each designated person is able, at a minimum, to perform the duties of non-licensed pharmacy personnel as specified in section 1793.3;
- (3) Determine that each designated person qualifies to access to controlled substances by conducting a background check on each person that is consistent with federal requirements for pharmacy employees with such access;
- (4) Ensure that a designated person responds and is able to assist the pharmacist within five minutes after the pharmacist's request.

(b) A pharmacy must have and maintain policies and procedures that addresses the following:

- (1) The required criteria and training for a designated person, which shall be consistent with subsection (a).
- (2) The process for the pharmacist to request assistance and to document the response time between the request and arrival of the designated person at the pharmacy.
- (3) All impacted pharmacy employees and designated persons must read and sign a copy of the policies and procedures required by this section.

(c) The pharmacy must maintain the policies and procedures in the pharmacy premises in a readily retrievable format.

Bill Number:	AB 387
Current Version:	As Amended April 22, 2019
Author:	Assembly Member Gabriel
Topic:	Task force: adverse drug events: prescriptions
Board Position:	Support, prior version

AFFECTED SECTIONS:

Add and repeal Section 4078.5 to the Business and Professions Code

STATUS:

Assembly Appropriations Committee hearing scheduled for May 1, 2019.

EXISTING LAW:

In relevant part, establishes the authority for a licensed physician and surgeon to practice medicine, including issuing prescriptions.

Further, Business and Professions Code section 4076 defines the labeling requirements for prescriptions. As included in this section, the condition or purposed for which the drug was prescribed must be included if the information is indicated on the prescription.

THIS BILL WOULD:

Create the Prescription Labeling and Adverse Drug Event Prevention Advisory Task Force consisting of the following membership:

1. Representative from the Medical Board
2. Representative from California State Board of Pharmacy
3. Representative with pharmacy or medical expertise appointed by the Governor
4. Representative from the State Department of Public Health
5. Representative with pharmacy or medical expertise appointed by Senate Rules
6. Representative with pharmacy or medical expertise appointed by the Speaker of the Assembly
7. Representative from community pharmacies
8. Representative from retail pharmacies
9. Representative from a patient advocacy group
10. Representative from a physician organization
11. Representative from a family physician organization

Provide that the representatives from our board and the Medical Board serve as the chairs of the task force.

Establish the scope of the task force to develop information on ways to increase adherence to medication and decrease adverse drug events and other specified elements.

Require a report to the legislature, by September 1, 2020, including recommendations in the report that are within the jurisdictions of the respective boards.

STAFF COMMENTS:

In its original form, this measure would have required the “purpose” for a medication to be included on a prescription unless a patient opted out.

The intentions of the task force are consistent with the board’s vision. However, staff is concerned about the inability to secure temporary resources to perform the necessary functions needed to support the task force, conduct research and develop the report, especially given the board will be going through the Sunset process. Further, staff is concerned about the deadline to complete the report.

FISCAL IMPACT:

Under the measure the board is required to cover all costs within existing resources.

Bill Number:	AB 528
Current Version:	As Amended July 3, 2019
Author:	Assembly Member Low
Topic:	Controlled Substances: CURES database
Board Position:	Support If Amended

AFFECTED SECTIONS:

Amend Sections 11164.1, 11165, 11165.1, and 11165.4 of the Health and Safety Code.

STATUS:

Senate Appropriations Committee

EXISTING LAW:

Establishes the Controlled Substances Utilization Review and Evaluation System (CURES) within the Department of Justice for the electronic monitoring of the prescribing and dispensing of Schedule II, Schedule III and Schedule IV controlled substances, including mandated reporting of all such controlled substances dispensed. Reporting to the system must occur no more than seven days after the date the controlled substance is dispensed.

THIS BILL WOULD:

- Require the reporting of such information no more than one working day after it is dispensed.
- Require the reporting of Schedule V controlled substances.
- Require a veterinarian to report within seven days after it is dispensed.
- Allow a prescriber without a DEA permit to access the CURES system.
- Allow a delegate of a prescriber or dispenser to access CURES information.

STAFF COMMENTS:

The board has a long history of supporting the CURES system. Additionally, the board sought a similar change in legislation last year and voted to again pursue legislation this year.

PRIOR LEGISLATION:

Last year AB 1752 (Low) would have reduced the reporting timeframe to the following business day. This measure would have also added Schedule V drugs to CURES.

FISCAL IMPACT:

Minor and absorbable.

Topic: Criminal Records: Automatic Relief

Board Position: Oppose Unless Amended

AFFECTED SECTIONS:

Amend Sections 480 and 480.2 of the Business and Professions Code and 11105 of the Health and Safety Code and add Sections 851.93 and 1203.425 to the Penal Code.

STATUS:

Assembly Appropriations Committee suspense file

EXISTING LAW:

Authorizes a person who is arrested, under certain conditions, to petition the court to seal the person's arrest record. Such conditions include:

1. Successful completion of a prefiling diversion program;
2. Successful completion of a specified drug diversion program;
3. Successful completion of a deferred entry of judgement program; and
4. An arrest that did not result in a conviction.

Specifies that, upon successful completion of certain diversion programs, the arrest for the crime for which the diversion was required is deemed to have never occurred.

THIS BILL WOULD:

Require the Department of Justice, on a weekly basis, to review the records in the statewide criminal justice database and identify persons who are eligible for relief by having their arrest records or criminal convictions withheld from disclosure.

Require the DOJ to grant relief to eligible persons without requiring a petition for such action.

STAFF COMMENTS:

As part of the board's communication with the author's office, the board sought amendment to restore some of the discretion eliminated by the provisions. Recent amendments restore the

ability of certain entities licensed under the Health and Safety Code (child care licensing entities, residential care licensing entities, and community care facility licensing entities) to consider and take action on criminal convictions. Regrettably this restoration of authority does not include the board.

This measure appears to be follow-up legislation to AB 2138 from last year that reduced the arrests and convictions the board can consider as part of a licensing decision.

The board's Enforcement Committee is currently reviewing the provisions of AB 2138 related to required regulations as well as possible statutory amendments to minimize the impact to the board's consumer protection mandate.

PRIOR LEGISLATION:

AB 2138 (Low), Chapter 995, Statutes of 2018, prohibits agencies from denying a license if the applicant or licensee has been convicted of a crime within the preceding 7 years from the date of application.

AB 2599 (Holden), Chapter 653, Statutes of 2018, requires law enforcement agencies and probation departments to increase awareness and access to the arrest record sealing and expungement process.

AB 2438 (Ting), of the 2017-2018 Legislative Session, would have required automatic expungements of certain convictions, as specified. AB 2438 was held on the Assembly Appropriations Suspense File.

AB 1793 (Bonta), Chapter 993, Statutes of 2018, requires the court to automatically re-sentence, re-designate, or dismiss cannabis-related convictions.

AB 1008 (McCarty), Chapter 789, Statutes of 2017, directed employers to follow certain procedures if they wish to consider job applicants' criminal histories as part of a hiring process.

AB 813 (Gonzalez Fletcher) Chapter 739, Statutes of 2016 created a mechanism of post-conviction relief for a person to vacate a conviction or sentence based on error damaging his or her ability to meaningfully understand, defend against, or knowingly accept the immigration consequences of the conviction.

SB 124 (Lara), Chapter 789, Statutes of 2016, authorized a person who was sentenced to a term of one year prior to January 1, 2015, to submit an application to the trial court to have the term of the sentence reduced to the maximum term of 364 days.

Bill Number:	AB 1131
Current Version:	As Amended June 24, 2019
Author:	Assembly Member Gloria
Topic:	Medi-Cal: Comprehensive Medication Management
Board Position:	Support

AFFECTED SECTIONS:

Add Section 14132.025 to the Welfare and Institutions Code

STATUS:

Senate Appropriations Suspense File

EXISTING LAW:

Establishes the Medi-Cal program, within the State Department of Health Care Services (DHCS) which provides low-income individuals with access to health care services.

Establishes a schedule of benefits under the Medi-Cal program, which includes outpatient prescription drugs, subject to utilization controls and the Medi-Cal list of contract drugs.

THIS BILL WOULD:

Provide that comprehensive medication management (CMM) services are covered by the Medi-Cal Program and would require CMM services to be provided to any Medi-Cal beneficiary who meets specified criteria, including being prescribed eight or more prescriptions, being referred by a physician, or discharge from a hospital or other care facility with one or more chronic medical conditions.

Define “chronic medical condition” to include arthritis, asthma, cardiovascular disease, diabetes, cancer, and depression.

Define “CMM services” as pharmacist-led, evidence based, preventative clinical service that aims to ensure optimal use of medications and establish the required elements of such services.

Define “medication therapy problems” as the use of any unnecessary medication, the need for additional medication, ineffective medication, subtherapeutic dosage, inadequate monitoring, adverse event, medication interaction, excessive dosage, inadequate adherence, availability of more cost-effective medication, or inability of the beneficiary to afford medication.

Require DHCS to establish reimbursement rates and billing codes for CMM services provided by a pharmacist.

STAFF COMMENTS:

The board routinely receives public comment about the lack of reimbursement as a barrier to implementation of patient safety measures such as the one proposed in this measure.

Further this measure is consistent with the board’s vision statement, “Healthy Californians through quality pharmacists’ care.”

PRIOR LEGISLATION:

SB 1322 (Stone) would have added CMM to services covered under the Medi-Cal program. CMM was defined as the process of care that ensures each beneficiary’s medications (prescription drugs and biologics, over-the-counter medication, or nutritional supplements), are individually assessed to determine that each medication is appropriate for the beneficiary, effective for the medical condition, and safe given other medications being taken, and all medications are able to be taken by the patient as intended. SB 1322 failed passage in the Senate Health Committee.

AB 2084 (Wood) of 2016, would have provided Medi-Cal coverage for CMM, defined as the process of care that ensures each beneficiary’s medications are appropriate, safe, and effective, and are being used as intended. AB 2084 also defined beneficiaries, goals, and related requirements, and would have required DHCS to study the effectiveness and costs. AB 2084 was held on the Assembly Appropriations suspense file.

Bill Number:	SB 159
Current Version:	As Amended July 1, 2019
Author:	Senator Weiner
Topic:	HIV: Preexposure and Postexposure Prophylaxis
Board Position:	Support, prior version

AFFECTED SECTIONS:

Amend BPC section 4052 and add BPC Sections 4052.02 and 4052.03, add HSC section 1342.74, add Insurance Code section 10123.199 and amend Welfare and Institutions Code 14132.968

STATUS:

Referred to Assembly Appropriations Committee

EXISTING LAW:

Provides for the licensure of pharmacists and establishes the authorized functions of such a licensed person.

THIS BILL WOULD:

This bill would authorize a pharmacist to furnish preexposure prophylaxis (PrEP) and postexposure prophylaxis (PEP), in specified amounts. The pharmacist must complete a training program approved by the board and comply with specified requirements, such as assessing a patient and providing a patient with counseling and tests.

Add PrEP and PEP list of covered pharmacy services for reimbursement under Medi-Cal.

Require the board adopt emergency regulations necessary to implement the provisions consistent with CDC Guidelines by July 1, 2020. Further require the board to approve training programs in consultation with the Medical Board.

STAFF COMMENTS:

This measure expands access to medication and is consistent with the board's vision statement. Staff notes that the measure has been amended several times since the board last considered the measure. The amendments appear to limit the duration of therapy an individual can receive from a pharmacist. Further the amendments establish a narrow timeframe for development of emergency regulations.

PRIOR LEGISLATION:

Over the past several years there have been legislative measures to expand the scope of services a pharmacist can provide. Such measures included SB 493 (Hernandez, Statutes of 2013) relating to pharmacists furnishing hormonal contraception, smoking cessation and travel medications, and AB 1535 (Bloom, Statutes of 2014) relating to pharmacists furnishing naloxone.

FISCAL IMPACT:

Fiscal impact will include development of regulations for training program requirements. Staff initially believed that the workload associated with this measure could be absorbed within existing resources. Because of other legislation that prevents the board from securing resources (AB 387) additional limited term resources will be necessary to perform the regulation and training program approvals required.

Bill Number: SB 601

Current Version: As Amended June 27, 2019

Author: Senator Morrell

Topic: State Agencies: Licenses: Fee Waivers

Board Position: Support, prior version

AFFECTED SECTIONS:

Add Section 11009.5 to the Government Code

STATUS:

Referred to Assembly Appropriations Committee

EXISTING LAW:

As the measure relates to the board, provides for the regulation of practice of pharmacy and establishes fees for services provided by the board.

THIS BILL WOULD:

Establish a process for a person or business that has been displaced or is experiencing economic hardship as a result of a declared disaster to submit an application for a reduction or waiver of a fee required by an agency.

STAFF COMMENTS:

This measure seems consistent with the policy direction of the board related to declared emergency provisions as well as the licensing committee's recommendation regarding licensure transferability. In its current form the measure does not create a mandate, but rather provides state agencies with the flexibility to make such a change should it desire to do so.

PRIOR LEGISLATION:

None

FISCAL IMPACT:

It is anticipated that this could result in loss of revenue to the board. This impact would be

determined after the board develops its policy related to the measure's provisions.

SUPPORT/OPPOSITION:

Bill Number:	SB 650
Current Version:	As Amended July 8, 2019
Author:	Assembly Member Rubio
Topic:	Cancer Medication Advisory Committee
Board Position:	None

AFFECTED SECTIONS:

Add and repeal Section 4014 of the Business and Professions Code.

STATUS:

Assembly Appropriations Committee

EXISTING LAW:

Authorized a county to establish a voluntary drug repository and distribution program for the purpose of distributing surplus medications to indigent patients.

THIS BILL WOULD:

Requires the board to establish the Cancer Medication Advisory Committee to identify the best mechanism to enable the transfer of unused cancer medications to persons in need of financial assistance, to ensure access to necessary pharmaceutical therapies and the effectiveness of county programs establishing voluntary drug distribution programs.

The committee shall consist of the following membership:

- Two board members
- Two board-certified physician and surgeons specializing in oncology and hematology approved by the governor
- Two representatives from cancer patient advisory groups
- One representative from a county program, as specified
- One member appointed by the Assembly
- One member appointed by the Senate Rules Committee

STAFF COMMENTS:

The board may wish to consider if the membership of the committee should also include an expert in hazardous drug as well as a representative from the Medical Board of California. Also, given the breadth of the topics to be assessed by the committee it may be appropriate for the

board to consider if sufficient time is provided to thoroughly complete all the work required under the provisions.

PRIOR LEGISLATION:

Prior legislation established the provisions for the county redistribution programs. Over the years reassessment and expansion of the program have occurred.

FISCAL IMPACT:

It is anticipated that two limited term staff will be required perform all of the tasks associated with the measure.

Naloxone Fact Sheet

16 CCR § 1746.3

BOARD OF PHARMACY

Proposal to amend § 1746.3 in Article 5 of Division 17 of Title 16 of the California Code of Regulations to read:

§ 1746.3. Protocol for Pharmacists Furnishing Naloxone Hydrochloride.

A pharmacist furnishing naloxone hydrochloride pursuant to section 4052.01 of the Business and Professions Code shall satisfy the requirements of this section.

(a) As used in this section:

(1) "Opioid" means naturally derived opiates as well as synthetic and semi-synthetic opioids.

(2) "Recipient" means the person to whom naloxone hydrochloride is furnished.

(b) Training. Prior to furnishing naloxone hydrochloride, pharmacists who use this protocol must have successfully completed a minimum of one hour of an approved continuing education program specific to the use of naloxone hydrochloride in all routes of administration recognized in subsection (c)(4) of this protocol, or an equivalent curriculum-based training program completed in a board recognized school of pharmacy.

(c) Protocol for Pharmacists Furnishing Naloxone Hydrochloride.

Before providing naloxone hydrochloride, the pharmacist shall:

(1) Screen the potential recipient by asking the following questions:

(A) Whether the potential recipient currently uses or has a history of using illicit or prescription opioids. (If the recipient answers yes, the pharmacist may skip screening question B.);

(B) Whether the potential recipient is in contact with anyone who uses or has a history of using illicit or prescription opioids. (If the recipient answers yes, the pharmacist may continue.);

(C) Whether the person to whom the naloxone hydrochloride would be administered has a known hypersensitivity to naloxone. (If the recipient answers yes, the pharmacist may not provide naloxone. If the recipient responds no, the pharmacist may continue.)

The screening questions shall be made available on the Board of Pharmacy's website in alternate languages for patients whose primary language is not English.

(2) Provide the recipient training in opioid overdose prevention, recognition, response, and administration of the antidote naloxone.

(3) When naloxone hydrochloride is furnished:

(A) The pharmacist shall provide the recipient with appropriate counseling and information on the product furnished, including dosing, effectiveness, adverse effects, storage conditions, shelf-life, and safety. The recipient is not permitted to waive the required consultation.

(B) The pharmacist shall provide the recipient with any informational resources on hand and/or referrals to appropriate resources if the recipient indicates interest in addiction treatment, recovery services, or medication disposal resources at this time.

(C) The pharmacist shall answer any questions the recipient may have regarding naloxone hydrochloride.

(4) Product Selection: A pharmacist shall advise the recipient on how to choose the route of administration based on the formulation available, how well it can likely be administered, the setting, and local context. A pharmacist may supply naloxone hydrochloride as an intramuscular injection, intranasal spray, auto-injector or in another FDA-approved product form. A pharmacist may also recommend optional items when appropriate, including alcohol pads, rescue breathing masks, and rubber gloves.

(5) Labeling: A pharmacist shall label the naloxone hydrochloride consistent with law and regulations. Labels shall include an expiration date for the naloxone hydrochloride furnished. An example of appropriate labeling is available on the Board of Pharmacy's website.

(6) Fact Sheet: The pharmacist shall provide the recipient a copy of the current naloxone fact sheet approved by the Board of Pharmacy or a fact sheet approved by the executive officer. The executive officer may only approve a fact sheet that has all the elements and information that are contained in the current board-approved fact sheet. ~~This~~ The board-approved fact sheet shall be made available on the Board of Pharmacy's website in alternate languages for patients

whose primary language is not English. Fact sheets in alternate languages must be the current naloxone fact sheet approved by the Board of Pharmacy.

(7) Notifications: If the recipient of the naloxone hydrochloride is also the person to whom the naloxone hydrochloride would be administered, then the naloxone recipient is considered a patient for purposes of this protocol and notification may be required under this section.

If the patient gives verbal or written consent, then the pharmacist shall notify the patient's primary care provider of any drug(s) and/or device(s) furnished, or enter the appropriate information in a patient record system shared with the primary care provider, as permitted by the patient and that primary care provider.

If the patient does not have a primary care provider, or chooses not to give notification consent, then the pharmacist shall provide a written record of the drug(s) and/or device(s) furnished and advise the patient to consult an appropriate health care provider of the patient's choice.

(8) Documentation: Each naloxone hydrochloride product furnished by a pharmacist pursuant to this protocol shall be documented in a medication record for the naloxone recipient, and securely stored within the originating pharmacy or health care facility for a period of at least three years from the date of dispense. The medication record shall be maintained in an automated data or manual record mode such that the required information under title 16, sections 1707.1 and 1717 of the California Code of Regulations is readily retrievable during the pharmacy or facility's normal operating hours.

(9) Privacy: All pharmacists furnishing naloxone hydrochloride in a pharmacy or health care facility shall operate under the pharmacy or facility's policies and procedures to ensure that recipient confidentiality and privacy are maintained.

Note: Authority cited: Section 4052.01, Business and Professions Code.

Reference: Section 4052.01, Business and Professions Code.

~~(b) (1) In addition to the obligation to consult set forth in subsection (a), a pharmacist shall provide oral consultation to his or her patient or the patient's agent in any care setting in which the patient or agent is present:~~

~~(3A) whenever the prescription drug has not previously been dispensed to a patient; or~~

~~(4B) whenever a prescription drug not previously dispensed to a patient in the same dosage form, strength, or with the same written directions, is dispensed by the pharmacy.~~

~~(b)(12) When the patient or patient's agent is not present (including, but not limited to, a prescription drug that was shipped by mail, or delivery), a pharmacy shall ensure that ~~the patient receives written notice:~~~~

~~(A) the patient receives written notice of his or her right to request consultation; ~~and~~~~

~~(B) the patient receives written notice of a the hours of availability and the telephone number from which the patient may obtain oral consultation from a pharmacist who has ready access to the patient's record; and~~

~~(C) A pharmacist shall be available (i) to speak to the patient or patient's agent during any regular hours of operation, within an average of ten (10) minutes or less, unless a return call is scheduled to occur within one business hour, (ii) for no less than six days per week, and (iii) for a minimum of 40 hours per week.~~

~~(23) A pharmacist is not required by this subsection to provide oral consultation to an inpatient of a health care facility licensed pursuant to section 1250 of the Health and Safety Code, or to an inmate of an adult correctional facility or a juvenile detention facility, except upon the patient's discharge. A pharmacist is not obligated to consult about discharge medications if a health facility licensed pursuant to subdivision (a) or (b) of Health and Safety Code Section 1250 has implemented a written policy about discharge medications which meets the requirements of Business and Professions Code Section 4074.~~

(c) When oral consultation is provided, it shall include at least the following:

- (1) directions for use and storage and the importance of compliance with directions; and
- (2) precautions and relevant warnings, including common severe side or adverse effects or interactions that may be encountered.

(d) Whenever a pharmacist deems it warranted in the exercise of his or her professional judgment, oral consultation shall also include:

- (1) the name and description of the medication;
- (2) the route of administration, dosage form, dosage, and duration of drug therapy;
- (3) any special directions for use and storage;
- (4) precautions for preparation and administration by the patient, including techniques for self-monitoring drug therapy;
- (5) prescription refill information;
- (6) therapeutic contraindications, avoidance of common severe side or adverse effects or known interactions, including serious potential interactions with known nonprescription medications and therapeutic contraindications and the action required if such side or adverse effects or interactions or therapeutic contraindications are present or occur;
- (7) action to be taken in the event of a missed dose.

(e) Notwithstanding the requirements set forth in subsection (a) and (b), a pharmacist is not required to provide oral consultation when a patient or the patient's agent refuses such consultation.

Offsite Storage

16 CCR § 1707

**Title 16. Board of Pharmacy
Proposed Text**

Proposal to Amend § 1707 in Article 2 of Division 17 of Title 16 of the California Code of Regulations to read:

§ 1707. Waiver Requirements for Off-Site Storage of Records

(a) Pursuant to subdivision (e) of Section 4105 of the Business and Professions Code and subdivision (c) of Section 4333 of the Business and Professions Code, a waiver ~~shall~~ may, on a case-by-case basis, be granted to any entity licensed by the board for ~~off-site~~ storage of the records outside the licensed area of the pharmacy described in subdivisions (a), (b) and (c) of Section 4105 of the Business and Professions Code ~~unless the applicant has, within the preceding five years, failed to produce records pursuant to Section 4081 of the Business and Professions Code or has falsified records covered by Section 4081 of the Business and Professions Code.~~

(b) An entity that is granted a waiver pursuant to subdivision (a) shall:

- (1) maintain the storage area so that the records are secure, including from unauthorized access; and
- (2) be able to produce the records within two business days upon the request of the board or an authorized officer of the law.

(c) In the event that a licensee fails to comply with the conditions set forth in subdivision (b), the board may cancel the waiver without a hearing. Upon notification by the board of cancellation of the waiver, the licensee shall maintain all records at the licensed premises.

(d) A licensee whose waiver has been cancelled pursuant to the provisions set forth in subsection (c) may reapply to the board when compliance with the conditions set forth in subsection (b) can be confirmed by the board.

(e) Notwithstanding any waiver granted pursuant to subdivision (a), all prescription records for non controlled substances shall be maintained on the licensed premises for a period of one year from the date of dispensing.

(f) Notwithstanding any waiver granted pursuant to subdivision (a), all prescription records for controlled substances shall be maintained on the licensed premises for a period of two years from the date of dispensing.

(g) Notwithstanding the requirements of this section, any entity licensed by the board may store the records described in subdivisions (a), (b) and (c) of Section 4105 of the Business and Professions Code in a storage area at the same address or adjoining the licensed premises without obtaining a waiver from the board if the following conditions are met:

- (1) The records are readily accessible to the pharmacist-in-charge (or other pharmacist on duty, or designated representative) and upon request to the board or any authorized officer of the law.
- (2) The storage area is maintained so that the records are secure and so that the confidentiality of any patient-related information is maintained.

Automatic Refill Programs

16 CCR § 1717.5

Title 16. BOARD OF PHARMACY
Proposed Text

Proposal to add § 1717.5 in Article 2 of Division 17 of Title 16 of the California Code of Regulations to read as follows:

§ 1717.5. Automatic Refill Programs.

- (a) A pharmacy may offer a program to automatically refill prescription medications provided the pharmacy complies with this section.
- (1) Written notice regarding the program shall be given to the patient or patient's agent. Such notice shall include instructions about how to withdraw a prescription medication from the program.
 - (2) The patient or patient's agent shall enroll by written, online or electronic consent to participate in the program.
 - (3) The pharmacy shall keep a copy of the written consent to enroll on file for one year from date of dispensing.
 - (4) The pharmacy shall have written policies and procedures in place that outline specifics of the program. The policies and procedures shall specify the medications that may be refilled through the program.
 - (5) The patient or patient's agent shall have the option to withdraw from the program at any time.
 - (6) The pharmacy shall complete a drug regimen review for each prescription refilled through the program.
 - (7) Each time a prescription is refilled through the program, the pharmacy shall provide a written notification to the patient or patient's agent confirming that the prescription medication is enrolled in the program.
 - (8) The pharmacy shall provide a full refund to the patient, patient's agent, or payer for any prescription medication in the program reported as unneeded or unnecessary, if the pharmacy had been notified of withdrawal or disenrollment from the program.
 - (9) A pharmacy shall make available any written notification required by this section in alternate languages as required by state or federal law.
- (b) A health care facility licensed pursuant to Health and Safety Code section 1250 that automatically refills prescription medications for its patients need not comply with the provisions of this section.

**Renewal
Requirements
16 CCR §§ 1702,
1702.1, 1702.2, 1702.5**

Title 16. Board of Pharmacy Proposed Text

Proposed changes to the current regulation language are shown by strikethrough for deleted language and underline for added language.

Amend section 1702 in Article 1 of Division 17 of Title 16 of the California Code of Regulations to read as follows:

1702. Pharmacist Renewal Requirements.

- (a) A pharmacist applicant for renewal who has not previously submitted fingerprints as a condition of licensure or for whom an electronic record of the licensee's fingerprints does not exist in the Department of Justice's criminal offender record identification database shall successfully complete a state and federal level criminal offender record information search conducted through the Department of Justice by the licensee's or registrant's renewal date.
- (1) A pharmacist ~~s~~ shall retain for at least three years as evidence of having complied with subdivision (a) either a receipt showing that he or she has electronically transmitted his or her fingerprint images to the Department of Justice or, for those who did not use an electronic fingerprinting system, a receipt evidencing that his or her fingerprints were recorded and submitted to the board.
- (2) A pharmacist applicant for renewal shall pay the actual cost of compliance with subdivision (a).
- (3) As a condition of petitioning the board for reinstatement of a revoked or surrendered license, or for restoration of a retired license, an applicant shall comply with subdivision (a).
- (4) The board may waive the requirements of this section for licensees who are actively serving in the United States military. The board may not return a license to active status until the licensee has complied with subdivision (a).
- (b) As a condition of renewal, a pharmacist applicant shall disclose on the renewal form whether he or she has been convicted, as defined in Section 490 of the Business and Professions Code, of any violation of the law in this or any other state, the United States, or other country, since his or her last renewal. Traffic infractions not involving alcohol, dangerous drugs, or controlled substances do not need to be disclosed.
- (c) As a condition of renewal, a pharmacist applicant shall disclose on the renewal form any disciplinary action against any license issued to the applicant by a government agency. For the purposes of this section, "disciplinary action" means an adverse licensure or certification action that resulted in a restriction or penalty being placed on the license, such as revocation, suspension, probation or public reprimand or reproof.
- (d) As a condition of renewal, a pharmacist applicant shall disclose whether he or she has complied with any continuing education requirements to renew his or her pharmacist or advanced pharmacist license as required by section 1732.2.
- (e) Failure to provide all of the information required by this section renders an application for renewal incomplete and the board shall not renew the license and shall issue the applicant an inactive pharmacist license. An inactive pharmacist license issued pursuant to this section may only be reactivated after compliance is confirmed for all licensure renewal requirements.

Note: Authority cited: Sections 4001.1 and 4005, Business and Professions Code. Reference: Sections 141, 490, 4036, 4200.5, 4207, 4231, 4300, 4301, 4301.5, 4311 and 4400, Business and Professions Code; and Sections 11105(b)(10) and 11105(e), Penal Code.

Amend section 1702.1 in Article 1 of Division 17 of Title 16 of the California Code of Regulations to read as follows:

1702.1. Pharmacy Technician Renewal Requirements for Individual Licensees Other Than Pharmacists.

This section applies to the renewal of any license held by an individual other than a license as a pharmacist or an advanced practice pharmacist.

- (a) An individual licensee ~~pharmacy technician applicant~~ for renewal who has not previously submitted fingerprints as a condition of licensure or for whom an electronic record of the licensee's fingerprints does not exist in the Department of Justice's criminal offender record identification database shall successfully complete a state and federal level criminal offender record information search conducted through the Department of Justice by the licensee's or registrant's renewal date that occurs on or after January 1, 2018.
- (1) The individual ~~A pharmacy technician~~ shall retain for at least three years as evidence of having complied with subdivision (a) either a receipt showing that he or she has electronically transmitted his or her fingerprint images to the Department of Justice or, for those who did not use an electronic fingerprinting system, a receipt evidencing that his or her fingerprints were recorded and submitted to the board.
- (2) The individual ~~A pharmacy technician~~ applicant for renewal shall pay the actual cost of compliance with subdivision (a).
- (3) As a condition of petitioning the board for reinstatement of a revoked or surrendered license an applicant shall comply with subdivision (a).
- (4) The board may waive the requirements of this section for licensees who are actively serving in the United States military. The board may not return a license to active status until the licensee has complied with subdivision (a).
- (b) As a condition of renewal, ~~a pharmacy technician applicant~~ the individual shall disclose on the renewal form whether he or she has been convicted, as defined in Section 490 of the Business and Professions Code, of any violation of the law in this or any other state, the United States, or other country, since his or her last renewal. Traffic infractions not involving alcohol, dangerous drugs, or controlled substances do not need to be disclosed.
- (c) As a condition of renewal, ~~a pharmacy technician applicant~~ the individual shall disclose on the renewal form any disciplinary action against any license issued to the applicant by a government agency. For the purposes of this section, "disciplinary action" means an adverse licensure or certification action that resulted in a restriction or penalty against the license or certification such as revocation, suspension, probation or public reprimand or reproval.
- (d) Failure to provide all of the information required by this section renders an application for renewal incomplete and the board shall not renew the license until the licensee demonstrates compliance with all requirements.

Note: Authority cited: Sections 4001.1 and 4005, Business and Professions Code. Reference: Sections 141, 490, 4022.5, 4022.6, 4022.7, 4038, 4115, 4202, 4207, 4300, 4301 and 4400, Business and Professions Code; and Sections 11105(b)(10) and 11105(e), Penal Code.

Repeal section 1702.2 in Article 1 of Division 17 of Title 16 of the California Code of Regulations.

~~1702.2. Designated Representative Renewal Requirements.~~

- ~~(a) A designated representative applicant for renewal who has not previously submitted fingerprints as a condition of licensure or for whom an electronic record of the licensee's fingerprints does not exist in the Department of Justice's criminal offender record identification database shall successfully complete a state and federal level criminal offender record information search conducted through the Department of Justice by the licensee's or registrant's renewal date that occurs on or after January 1, 2018.~~
- ~~(1) A designated representative shall retain for at least three years as evidence of having complied with subdivision (a) either a receipt showing that he or she has electronically transmitted his or her fingerprint images to the Department of Justice or, for those who did not use an electronic fingerprinting system, a receipt evidencing that his or her fingerprints were recorded and submitted to the board.~~
- ~~(2) A designated representative applicant for renewal shall pay the actual cost of compliance with subdivision (a).~~
- ~~(3) As a condition of petitioning the board for reinstatement of a revoked or surrendered license an applicant shall comply with subdivision (a).~~
- ~~(4) The board may waive the requirements of this section for licensees who are actively serving in the United States military. The board may not return a license to active status until the licensee has complied with subdivision (a).~~
- ~~(b) As a condition of renewal, a designated representative applicant shall disclose on the renewal form whether he or she has been convicted, as defined in Section 490 of the Business and Professions Code, of any violation of the law in this or any other state, the United States, or other country, since his or her last renewal. Traffic infractions not involving alcohol, dangerous drugs, or controlled substances do not need to be disclosed.~~
- ~~(c) As a condition of renewal, a designated representative applicant shall disclose on the renewal form any disciplinary action against any license issued to the applicant by a government agency. For the purposes of this section, "disciplinary action" means an adverse licensure or certification action that resulted in a restriction or penalty against the license or certification such as revocation, suspension, probation or public reprimand or reproof.~~
- ~~(d) Failure to provide all of the information required by this section renders an application for renewal incomplete and the board shall not renew the license until the licensee demonstrates compliance with all requirements.~~

A course of training that meets the requirements of Business and Professions Code section 4202

(a)(2) is:

(a) Any pharmacy technician training program accredited by the American Society of Health--System Pharmacists,

(b) Any pharmacy technician training program provided by a branch of the federal armed services for which the applicant possesses a certificate of completion, or

(c) (1) Any other course that provides a training period of at least 240 hours of instruction covering at least the following:

(± A) Knowledge and understanding of different pharmacy practice settings.

(2 B) Knowledge and understanding of the duties and responsibilities of a pharmacy technician in relationship to other pharmacy personnel and knowledge of standards and ethics, laws and regulations governing the practice of pharmacy.

(3 C) Knowledge and ability to identify and employ pharmaceutical and medical terms, abbreviations and symbols commonly used in prescribing, dispensing and record keeping of medications.

(4 D) Knowledge of and the ability to carry out calculations required for common dosage determination, employing both the metric and apothecary systems.

(5 E) Knowledge and understanding of the identification of drugs, drug dosages, routes of administration, dosage forms and storage requirements.

(6 F) Knowledge of and ability to perform the manipulative and record-keeping functions involved in and related to dispensing prescriptions.

(7 G) Knowledge of and ability to perform procedures and techniques relating to manufacturing, packaging, and labeling of drug products.

(2) In addition to the content of coursework specified in subdivision (c)(1), the course of training must also satisfy all of the following:

(A) Prior to admission to the course of training, an administrator or instructor must conduct a criminal background check and counsel applicants to the program about the negative impact to securing licensure if the background check reveals criminal history.

(B) Administer at least one drug screening to each student to evaluate use of illicit drugs or use of drugs without a prescription. The results of any screen shall be considered as part of the evaluation criteria to determine (1) acceptance into the course of training, or (2) appropriateness for continuation in the course of training. An administrator or instructor shall counsel students about the negative impact of a positive drug screen on eligibility for licensure.

(C) Require students to be at least 18 years of age prior to the beginning of instruction.

(D) Require a final examination that demonstrates students' understanding and ability to perform or apply each subject area identified in subsection (1) above.

**Title 16. Board of Pharmacy
Proposed Text**

To Amend Article 2 of Division 17 of Title 16 of the California Code of Regulations to read as follows:

§1709. Names of Owners and Pharmacist In Charge Disclosure and Notification Requirements

- (a) Each ~~permit~~ license issued by the board to operate a pharmacy shall reflect ~~show~~ the name and address of the pharmacy, the form of ownership (~~individual, partnership or corporation~~) and the pharmacist-in-charge. Each pharmacy shall, in its initial application and on the annual renewal form, report the name of the pharmacist-in-charge, the names of all owners and the names of the corporate officers (if a corporation). Any changes in the pharmacist-in-charge, or the owners, or corporate officers shall be reported to the ~~B~~board within 30 days.
- (b) Any transfer, in a single transaction or in a series of transactions, of 10 percent or more of the beneficial interest in a business entity licensed by the board to a person or entity who did not hold a beneficial interest at the time the original ~~permit~~ license was issued, shall require written notification to the board within 30 days.
- (c) A license issued by the board shall not be transferred from one owner to another. The following shall constitute a change of ownership transfer of permit and shall require a new application for a change of ownership licensure:
- (1) any transfer of a beneficial interest in a business entity licensed by the board, in a single transaction or in a series of transactions, to any person or entity, which transfer results in the transferee's holding 50% or more of the beneficial interest in that license. A change of ownership application shall be filed with the board in advance of the proposed transaction taking place.
- (d) If any beneficial interest of the pharmacy is held in trust, the applicant, licensee, or any person with management or control of the pharmacy, shall do the following:
- (1) In addition to the requirements in subdivision (a), as part of their application and annual renewal, report the name of any other person in any position with management or control of the pharmacy.
- (2) As part of the application, disclose the full name of the trust, and provide to the board a complete copy of, and any amendments to the trust document. A trust document and any related amendments shall be considered confidential financial documents by the board.

(3) As part of the renewal, provide to the board a complete copy of any amendments to the trust document made after submission of the original application.

(4) Include in the application and the annual renewal, the name, address and contact information for each grantor, settlor, trustee, and trust protector, as applicable.

(5) The application and annual renewal shall also include the name, address, and contact information for each named beneficiary of the trust, who is age 18 or older.

(6) Notify the board in writing within 30 days of all the following:

(A) A change in trustee, protector or any other person with management or control of the pharmacy.

(B) Any change in the beneficiaries of the trust, where the beneficiary is age 18 or older.

(C) The revocation of the trust.

(D) The dissolution of the trust.

(E) Any amendment to the trust since the original application.

(F) Any change in the character of the trust, including, but not limited to, the trust changing from revocable to irrevocable.

(e) An application may be denied, or a license may be suspended or revoked based on the failure of any individual required to be disclosed to the board to qualify pursuant to the provisions of sections 4302, 4307 and 4308 of the Business and Professions Code.

To Amend Section 1780 of Article 10 of Division 17 of Title 16 of the California Code of Regulations to read as follows:

1780. Minimum Standards for Wholesalers and Third-Party Logistics Providers.

The following minimum standards shall apply to all wholesale and third-party logistics provider establishments for which permits have been issued by the Board:

- (a) A wholesaler and a third-party logistics provider shall store dangerous drugs in a secured and lockable area.
- (b) All wholesaler and third-party logistics provider premises, fixtures and equipment therein shall be maintained in a clean and orderly condition. Wholesale and third-party logistics provider premises shall be well ventilated, free from rodents and insects, and adequately lighted. Plumbing shall be in good repair. Temperature and humidity monitoring shall be conducted to assure compliance with the standards set forth in the latest edition of the United States Pharmacopeia-~~Standards (1990, 22nd Revision)~~.
- (c) Entry into areas where prescription drugs are held shall be limited to authorized personnel.
 - (1) All facilities shall be equipped with an alarm system to detect entry after hours.
 - (2) All facilities shall be equipped with a security system that will provide suitable protection against theft and diversion. When appropriate, the security system shall provide protection against theft or diversion that is facilitated or hidden by tampering with computers or electronic records.
 - (3) The outside perimeter of the ~~wholesaler~~ premises shall be well-lighted.
- (d) All materials must be examined upon receipt and ~~or~~ before shipment.
 - (1) Upon receipt, each outside shipping container shall be visually examined for identity and to prevent the acceptance of contaminated prescription drugs or prescription drugs that are otherwise unfit for distribution. This examination shall be adequate to reveal container damage that would suggest possible contamination or other damage to the contents.
 - (2) Each outgoing shipment shall be carefully inspected for identity of the prescription drug products and to ensure that there is no delivery of prescription drugs that have been damaged in storage or held under improper conditions.
- (e) The following procedures must be followed for handling returned, damaged and outdated prescription drugs.
 - (1) Prescription drugs that are outdated, damaged, deteriorated, misbranded or adulterated shall be placed in a quarantine area and physically separated from other drugs until they are destroyed or returned to their supplier.
 - (2) Any prescription drugs whose immediate or sealed outer or sealed secondary containers have been opened or used shall be identified as such, and shall be placed in a quarantine area and physically separated from other prescription drugs until they are either destroyed or returned to the supplier.

- (3) If the conditions under which a prescription drug has been returned cast doubt on the drug's safety, identity, strength, quality or purity, the drug shall be destroyed or returned to the supplier unless testing or other investigation proves that the drug meets the standards set forth in the latest edition of the appropriate United States Pharmacopeia-Standards (1990, 22nd Revision).
- (f) Policies and procedures must be written and made available upon request by the board.
- (1) ~~Each W wholesaler and third-party logistics provider drug distributors~~ shall establish, maintain, and adhere to written policies and procedures, which shall be followed for the receipt, security, storage, inventory and distribution of prescription drugs, including policies and procedures for identifying, recording, and reporting losses or thefts, for correcting all errors and inaccuracies in inventories, and for maintaining records to document proper storage.
 - (2) The records required by paragraph (1) shall be in accordance with Title 21, Code of Federal Regulations, Section 205.50(g). These records shall be maintained for three years after disposition of the drugs.
 - (3) ~~Each W wholesaler and third-party logistics provider drug distributors~~ shall establish and maintain lists of officers, directors, managers and other persons in charge of ~~wholesale~~ drug distribution, storage and handling, including a description of their duties and a summary of their qualifications.
 - (4) Each wholesaler ~~and third-party logistics provider~~ shall provide adequate training and experience to assure compliance with licensing requirements by all personnel.
- (g) The board shall require an applicant for a licensed premise or for renewal of that license to certify that it meets the requirements of this section at the time of licensure or renewal.

DRAFT AUTOMATED DRUG DELIVERY SYSTEM SELF-ASSESSMENT

Business and Professions Code (BPC) section 4427.7(a) requires the pharmacy holding an automated drug delivery system (ADDS) license complete an annual self-assessment, performed pursuant to section 17## of Title 16 of the California Code of Regulations, evaluating the pharmacy’s compliance with pharmacy law relating to the use of the ADDS. The assessment shall be performed annually **before July 1 of every year** by the pharmacist-in-charge of each pharmacy under section 4029 (Hospital Pharmacy) or section 4037 (Pharmacy). The pharmacist-in-charge must also complete a self-assessment within 30 days whenever; (1) a new automated drug delivery system permit has been issued, or (2) there is a change in the pharmacist-in-charge and becomes the new pharmacist-in-charge of an automated drug delivery system, or (3) there is a change in the licensed location of an automated drug delivery system to a new address. The primary purpose of the self-assessment is to promote compliance through self-examination and education. All information regarding operation, maintenance, compliance, error, omissions, or complaints pertaining to the ADDS shall be included in the Self-Assessment.

All references to Business and Professions Code (BPC) are to Chapter 9, Division 2, California Code of Regulations (CCR) are to Title 16, and 21 Code of Federal Regulations (21CFR) to Title 22 unless otherwise noted.

The self-assessment must be completed and retained in the pharmacy for three (3) years after performed.

Please mark the appropriate box for each item. If “NO”, enter an explanation and timeframe when the deficiency will be completed on the “CORRECTIVE ACTION OR ACTION PLAN AND COMPLETION DATE” lines at the end of the section. If more space is needed, you may add additional sheets.
